ANNUAL ACCOMPLISHMENT REPORT 2021

The library is regarded as an integral part of an institution. We cannot deny the role and importance of academic libraries in higher education. A quality education is impossible without a quality library. Moreover, as gateways to knowledge and culture, academic libraries also provide numerous services to their clientele to facilitate teaching, learning, research and other interests of its academic community. Undoubtedly, libraries are the center of academic activities and therefore attract instructors, learners and the stakeholders.

With this, truly the Campus Library supports and participates in the various academic and administrative activities and programs of Pangasinan State University-Urdaneta City Campus . Despite of the uncertainty of the environment brought by the COVID-19 pandemic, the library did not cease to deliver its services. Instead, the Library became innovative, resourceful, and resilient in devising new services adapted to the current global situation. Therefore, the pandemic does not stop the Campus Library in achieving its quest for quality and excellence service delivery for the Year 2021.

ADMINISTRATION

To be continuously true to the University's mandate of providing excellent and quality service, the following programs were conducted to ensure its realization:

1. CAMPUS RISK MANAGEMENT WORKSHOP

The Campus Librarian, Ms. Angeles B. Gacad, is a member of the Campus Risk Management Council. She actively participated in the workshop on April 22, 2021 conducted at the Campus Library. This entails healthy and safety protocols to be employed within the Campus.
